EDUCATION

University of Education, Bachelor of Computer Science

Aug 2023 - Aug 2027

Relevant Coursework : Data Structures & Algorithms, Object-Oriented Programming in C++, Networking

EXPERIENCE

Headstarter AI - Software Engineering Fellow

July 2024 - Sep 2024

- Built 5 AI projects in 5 weeks using React, Next.js, Firebase, and Vercel, implementing CI/CD and agile methodologies. Collaborated on a custom RAG-powered support agent and a SaaS flashcard generator, while engaging in mock interviews, coding challenges, and networking sessions with industry professionals from Google, Amazon, and Y Combinator, strengthening technical and professional skills.

PROJECTS

UE Readers Club : Developed a dynamic Book Club platform using Next.js, Express.js, Node.js, MongoDB, Firebase, and Clerk Authentication. Key features include interactive book discussions, upcoming release notifications, a highlighted "Book of the Month" section, and user engagement through like, edit, and comment functionalities.

Revise-Deps : Revise-Deps is an npm package designed to help you manage your project dependencies. It checks for outdated packages and vulnerabilities, and provides solutions to update and resolve issues.

Food App : It is a Food Delivery app built using MERN stack and Stripe Api for Payments. Give features to add food items, track orders, handle payments and much more.

Pam Autos Dashboard : It is a Dashboard for a auto-mobile company to track their customers, sales, revenue and appointments. It also contain the editor for customer to make notes, kanban for task management.

SKILLS

Technical : JavaScript, TypeScript, React, Next.js, Vercel, Express.js, MongoDB, Node.js, REST APIs

Programming : C++, Data Structures & Algorithms, OOP, Competitive Programming

Tools: Git and GitHub, Clion, Webstrom, VS Code, Postman, Figma, Notion, Clerk, Firebase, Cloudinary

Soft Skills: Teamwork, Communication, Problem-Solving

HONORS AND AWARDS

Google Soft Skills Certificate (Google), Frontend Developer Certificate (HackerRank), Full stack development Certificate (Udemy), Postman Student Expert (Postman)

Volunteering Experience

- BlackBox AI Student Ambassador** : I am the official student ambassador of the US startup BlackBox AI.
